Dear Lydia

Thank you for your recent email. Since my original letter dated 25th February 2020 and in consultation with [landowner of CLV012] we are now proposing to offer a car park at the west end of the development, which is the closest point to Holly Lane [walkway to the school] and the Doctors Surgery.

With regard to its size, we will leave that to the Parish Council to advise us, after consultation with the villagers.

Now we have been able to offer this new site for the Car park it will help to alleviate the present traffic congestion issue on the main High Street. It will also give the Highways Authority further scope to restrict parking and also look at the speed of the vehicles passing through the village.

If you require any further information concerning this proposal do not hesitate to contact me.

Kind regards

[Landowner of CLV018]

Dear Mr [landowner of CLV018],

I hope you are keeping safe and well.

Clive Parish Council will be engaging with the community in Clive (hopefully early this week) by distributing a flyer with the basic information about Shropshire Council's current position and landowner proposals, and asking residents to indicate their preference for development site(s).

In the meantime, I've been asked whether there are any specific plans and/or details for the proposal for car parking, footpaths etc., relating to site CLV012 and CLV018. For example, how many spaces are planned for the proposed car park(s), or what possible location(s) and footpath routes have been considered? I have written to Halls for information relating to site CLV012, but if you have some details to share about this and the other proposals that were mentioned in your original representations to Shropshire Council, and that the Parish Council can share with the wider community, that would be very much appreciated.

If it is possible to have this information formally (e.g. a letter and/or plans, by email) as soon as possible, then we will publish this on the Parish Council's website and notice boards to allow residents to be better informed when it comes to responding to our survey and the current Local Plan Review consultation.

Thank you very much in advance for your help, and all the best.

Kind Regards,

Miss Lydia Bardsley
Clerk to Clive Parish Council
